

## EARLY BIRDS GUIDELINES

*The Scottish Government has spoken out against Trident.*

*The purpose of Early Birds is to make sure that they are supported in staying on task, and not losing heart.*

*We welcome the much greater access to the Parliament that is enjoyed at Holyrood compared to Westminster, and have no desire to jeopardize it for ourselves or others.*

*We recognise and respect the right of other groups to access the MSPs and the workers at the parliament in the mornings .*

*Small banners, t-shirts and badges can give the visual clue about why we are there, but large placards - or anything that might be defined as potentially dangerous - could result in us being asked to leave.*

*If you would like to participate, please sign up to the rota and agree to the values statement below.*

- We will show absolute respect for everyone and their right to their opinions, not raising our voices or getting into angry arguments.
- We will use no violence, verbal or physical, toward any person.
- We will not destroy or damage any property.
- We will not bring, or arrive under the influence of, any drugs or alcohol apart from .
- We will limit our presence to Tuesdays and Thursdays.
