11.30am assemble at Faslane Peace Camp,
12 noon march off to form chain

Join us! Be part of the peace chain of people & banners along the 2000m fence around Faslane submarine base - in peaceful protest against the UK Government's plan to build a new nuclear weapon system, which would be at Faslane until 2055. 72 % of people in Scotland are against this !

- 40 years ago HMS Resolution sailed from Faslane on the first British nuclear patrol (14 June 1968)
- One year ago the Scottish Parliament voted against the new nuclear weapon system (14 June 2007).
- All British nuclear weapons are based in Scotland.
- The new system will cost £75 billion.

Help make the first step to a nuclear free world!
